

THE NEW BEDFORD LIGHT

Arts Illuminated

THE MACABRE

Arts Illuminated

How it works: The roles

Each **ARTIST** takes a turn on the stage for a five-minute interview with our host, Devin. Artists share their history, disciplines and processes, and discuss their two featured works of art. Bios, contact info, social media, artworks and prices are listed in the printed programs.

The **AUDIENCE** gets involved in the interviews by raising their hands getting on the mic, asking a question and joining the conversation.

Arts Illuminated

How it works: The Afterglow

Once the interviews conclude, join us at the **AFTERGLOW**: A chance to mingle with the artists, ask more questions, enjoy refreshments, network and explore artwork for sale.

Buy art directly from the artist — we take **NO** commission! (But, if a piece sells, let us know ... for **MORE COWBELL!**)

Artwork, artist info, and recordings from the night will be available at **newbedfordlight.org/artsilluminated**.

BLOODHOUND

The Bloodhound is a near mythical hunter who long ago fell for one of dracula's brides.

An affair that lead to his excommunication from the order of Lycaan, the death of his beloved at the hands of Dracula, and ultimately his transmogrification into something beyond mere werewolf

*"I lost my honor, my beloved, and my soul.
All that remains is an unquenchable thirst for vengeance."*
